April 7, 2009	Monthly Luncheon	Greenspoint Club
May 14, 2009	Monthly Luncheon	Greenspoint Club

Message from the President:

Happy New Year to each of you. Let's hope that 2009 is less tumultuous than 2008. I don't think that anyone at the start of 2008 would have predicted seeing \$140 oil followed by a \$100 decline in oil prices. Reminds me of a roller coaster ride. I would like to thank Ron Barnes for leading the ad hoc discussion at our December meeting as our scheduled speaker was unable to attend due to an illness. Thanks Ron!

We are hosting the January Joint Luncheon downtown at the Petroleum Club this year and again will have the current AAPL President as our speaker. When registering for the luncheon please use the HAPL website to Register/RSVP for the Luncheon. The price is the same for member/non-member so if you aren't currently a member of HAPL you may still use this method for registration. Please contact Diane Snyder with HAPL with any questions, Lynn will not be registering folks for this event so you will need to contact Diane for late registrations as well.

Our Holiday Social at the Goose's Acre was a big success thanks to our social chairs Bill Shackelford and Joe Edgar. They did a great job and it was a wonderful opportunity to network with other landmen. You won't want to miss out on our ½ day Seminar and luncheon at the Anadarko Tower on February 24th. Thanks to Adam Cox for lining up some interesting speakers and for coordinating the social afterwards at Landry's. Thanks also to Anadarko for their support of the NHAPL.

Join us for our next golf outing at Augusta Pines. This year the NHAPL will be hosting the NHAPL - WHAPL Golf Tournament. The tournament will be a 1:00 shotgun held at Augusta Pines Golf Club on Tuesday March 24th with registration starting at 11:30. Cost is \$75/members of NHAPL or WHAPL & \$100/guests. We anticipate 120+ participants for this event, great door prizes dinner following play.

I hope to see you at the January meeting at the Petroleum Club!

Mark Taylor Metz, RPL
